(City & State)

NOTE: All persons owning any interest in an aircraft located or operated within the borough shall register such aircraft in accordance with BBB 3.14. There shall be a rebuttal presumption that the following aircraft are subject to registration:

1. Aircraft whose Federal Aviation Administration registration shows a residence, business, or mailing address of the owner located within the borough.
2. Aircraft whose owner has a business, residence or mailing address within the municipality; or
3. Aircraft located at any site owned by the owner or operator of the aircraft for which the owner or operator thereof parks or pays a fee for the privilege of locating such aircraft at a site within the municipality for 60 days or more during the registration year.

STATEMENT OF FACTS (to rebut the above presumptions):

Detail the facts which you claim demonstrate that the aircraft is neither located nor operated, nor a tie-down maintained within the Bristol Bay Borough or that you do not own any interest in the aircraft. Attach a separate sheet of paper if additional space is needed.

CERTIFICATION:

A notary public or other official empowered to administer oaths being unavailable certify under penalty of perjury that the facts and statements set forth above by me are provided by me for the purpose of proving I am not subject to the registration requirements or the payment of a registration tax pursuant to BBB (code) and that the facts and statements herein set forth or certified to by me are true.
